

*Your Health is Our Priority!*

The **Paradise Apartments** welcomes you once again from July 15.

In **Paradise Apartments**, we have always been committed to Health and Safety of our guests and staff.

Therefore, we designed and executed an integrated Health and Safety Hygiene Crisis Management Plan against SARS-CoV-2 spread in conformity with Greek Ministries of Health and Tourism, W.H.O. and ECDC Guidelines in cooperation with the University of Crete.

***Your Health is Our Priority!***

# Certificates

In response to the developments of the Covid-19- pandemic our hotel has been certified from the Greek Ministry of Tourism for following all the Government guidelines and Safety Protocols.

The head staff members of the hotel have successfully completed and certified from the Medical Department of the University of Crete for the training program about Coronavirus (SARS-CoV-2).

# Your Health is Our Priority!

A photograph of a modern guest room. In the foreground, a bed with a blue and white striped pillow and a blue blanket is visible. In the background, there is a dining area with a table covered in a blue and white striped tablecloth, and a balcony with a railing. The room has large windows with orange curtains and a framed picture on the wall.

## Guest Rooms

- Linen and textiles are laundered by industrial laundry provider, applying organized SARS-CoV-2 prevention plan
- Strict implementation of integrated cleaning and sanitation program including use of steam cleaners and disinfectant sprayers
- Detailed plan in accordance with Public Health Authorities guidelines in case of COVID-19 incidents
- Strict implementation of cleaning and sanitation programs for split air conditioning units in guest rooms

A photograph of an outdoor swimming pool. The pool is rectangular with blue tiles and clear blue water. A person is floating on a yellow and white inflatable ring in the center. The pool deck is paved with reddish-brown tiles. Along the right side, there are several blue lounge chairs with white frames, some with white towels. White patio umbrellas are open. In the background, there is a large black metal windmill with white sails. The pool is surrounded by a white fence, and beyond that, there are green trees and a hillside with some buildings under a cloudy sky.

# Swimming Pool

- ✓ Disinfection of lounge chairs and sitting areas after each sitting
- ✓ Diligent social distancing policy in pools
- ✓ Lounge chairs placement in groups of two and in between distance of two meters minimum
- ✓ Implementation of recreational water preventive guidelines of Ministry of Health (maintenance, water recirculation, pH and chlorine monitoring, guidelines of use for guests)
